

# Portfolio Manager Fees

## Separately Managed Accounts

The Manager Fee Component of Brinker's Total Fee is determined by the fees Brinker pays to unaffiliated Portfolio Managers of a Client's account (which are passed through directly to the Client without mark-up). The fees of Portfolio Managers may vary based upon such Portfolio Manager's investment style and asset class. The current allocation to each Portfolio Manager (if any) to which assets are allocated is reflected on the Client's quarterly performance report. Brinker posts any changes to the Portfolio Manager Fee Disclosure on its website prior to the effective date of such change.
